DETAILED ACTION

Receipt is acknowledged of the amendment filed 01/08/2009.

The rejections under 35 USC 112, second paragraph, and 35 USC 103(a) over Sackler et al are withdrawn in view of applicant's amendment and remarks, respectively.

The rejection under the judicially created doctrine of obviousness-type double patenting however is maintained in this action.

Response to Arguments

Applicant's arguments filed 01/09/2009 have been fully considered but they are not persuasive.

While applicant filed a terminal disclaimer, the document contained the serial number of the instant application as the one being disclaimed over. Correction of this error would place the application in condition for allowance pending a supplemental search and patentability review.

Claims 5-9 are objected to as dependent upon a rejected base claim.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
